

SAFE Campuses:

Collegiate Recovery Leadership Academy

The Collegiate Recovery Leadership Academy was created in 2018, through SAFE Project's SAFE Campuses initiative. The goal of the Leadership Academy is to develop and cultivate future leaders from college campuses across the nation. The Leadership Academy is an academic year-long fellowship for any college student who is passionate about the intersection of collegiate recovery, leadership, and service to others. It is open to students who are in recovery, as well as recovery allies.

Find out more at SAFEProject.us/Campuses

Benefits of the Leadership Academy:
