

SENIOR DIRECTOR OF SAFE CAMPUSES

Overview

Stop the Addiction Fatality Epidemic (SAFE) Project is a national 501(c)3 nonprofit working through a collaborative, multi-pronged and non-partisan approach to end the nation's catastrophic opioid epidemic. Founded in November 2017, SAFE is designed to attack the addiction fatality crisis with a robust and comprehensive approach around six distinct lines of operations. SAFE Project believes that the crisis cannot be resolved without an orchestrated effort to engage in Family Outreach, Public Awareness, Prevention, Treatment and Recovery, Prescription Drugs, Law Enforcement and Criminal Justice. With the strong leadership of our Founders and a highly experienced and driven Board of Directors, SAFE Projects implements each of these lines of operation through four distinct initiatives – SAFE Communities: SAFE Campuses, SAFE Veterans, and our newest key initiative SAFE Workplaces.

SAFE Project is seeking an experienced Senior Director of Campuses. The Senior Director of SAFE Campuses will lead an initiative very close to our hearts - providing developmental assistance to support the needs of students in recovery and collegiate recovery communities.

The ideal candidate is a problem solver, quick learner and a team player with strong communication skills. This is a perfect position for an individual with prior experience in higher education, behavioral health, and a desire to jump aboard an airplane that we are building and flying at the same time. If you enjoy a dynamic team, working collaboratively, and are willing to question the norm, we want you on our team. Please note, this is not a position for someone who is afraid to try something different or for someone who needs perfection before execution.

Over 130 American's die every day from overdoses. We are on a mission to stop this, and there is no time to lose.

Key Responsibilities

- Support the Executive Director in designing and implementing programs and goals.
- Develop training and support programs for administrators, staff and students in higher education.
- Expand national campaign for prevention and wellness, and reducing the stigma around those seeking treatment.
- Execute SAFE mission to provide the most robust support possible for students in recovery.
- Seek potential opportunities to fund scholarships and grants.
- Enhance the efforts of SAFE's other lines of operations through program integration.
- Develop regular progress reports and planning documents on program status to the Executive Director and Chief Operating Officer.
- Must be passionate about addiction, behavioral health related issues and our mission.

Requirements

- **Bachelor's degree or equivalent experience.**

- Prior experience in a higher education environment a plus.
- 5+ years of relevant experience in project or program management.
- Excellent interpersonal, oral, and written communication skills.
- Ability to plan around multiple priorities and meet tight deadlines.
- A team player with a demonstrated ability to work well in a small, highly collaborative environment.
- Ability to travel domestically with overnight stays.
- Location in the DC/Virginia/Maryland area preferred but not a deal breaker.
- A sense of humor is a must.

To apply, please submit a cover letter that includes your interest in the position, resume, salary requirements and three references on our website: <https://www.safeproject.us/careers/>.
